

Nexus Vertex™ 1" Hydronic Manual Balancing Valve

\$89.81 USD

SKU: VTX-100T

The Nexus Vertex is a dual control valve with a variable opening designed for balancing heating and cooling systems. It combines flow readings, preadjustment, and shut-off function – all in a single unit, and is ideal for restricted spaces or awkward locations. The Vertex series is used for hydronic system balancing and has standard Female NPT connection.
