

1/2" - 1" PEX Tubing Radial Cutter Out of stock

\$6.93 USD

SKU: PEXRCUTTER

The PEX tubing radial cutter is a tool that offers quick, precision cuts to all four major sizes of PEX: 1/2", 5/8", 3/4" and 1" and other non-metallic tubing. Instead of the typical shear style, the PEX radial cutter makes its cuts with a quick twist around the tubing, similar action to a copper pipe cutter. It features a PTFE coated blade.
