

VesiArm Hydronic Expansion Tank Bracket 1/2" NPT with PRV

\$61.20 USD

SKU: 12VARMPRV

The VesiArm hydronic expansion tank bracket comes with two 1/2" NPT ports, two on the bottom, built in automatic air vent, installed 30 PSI (2 bar) PRV (Pressure Relief Valve) and 0 - 60 PSI pressure gauge. Designed for closed loop systems. The 1/2" NPT provisions allow for serviceability and flexibility during expansion tank installation.
