

## Grundfos UPS15-58FC, 3 Speed Circulator, 1/25 HP

**\$189.60 USD**

SKU: 59896341

Grundfos UPS15-58FC circulator pump is one of the most popular and versatile products on the market. It has a cast iron construction and an integral check valve, that can be removed. The three speed motor (Low/Medium/High) allows you to customize the circulator to match the systems requirements. It can be used for many applications including radiant, fan coils, baseboard and even zoning. Grundfos UPS15-85FC uses a wet rotor design which has a virtually silent operation.
