\$495.63 USD

SKU: 52722512

Grundfos UPS26-99FC circulator pump is one of the most popular and versatile products on the market. It has a cast iron construction and an integral check valve, that can be removed. The three speed motor (Low/Medium/High) allows you to customize the circulator to match the systems requirements. It can be used for many applications including radiant, fan coils, baseboard and even zoning. Grundfos UPS26-99FC uses a wet rotor design which has a virtually silent operation.
