

Grundfos UPS 26-150F, 3 Speed Circulator, 1/2 HP

\$839.08 USD

SKU: 95906630

Grundfos UPS26-150F circulator pump has a cast iron construction, 1/2 hp and an integral check valve, that can be removed. The three speed motor (Low/Medium/High) allows you to customize the circulator to match the systems requirements. It can be used for many applications including radiant, fan coils, baseboard and even zoning. Grundfos UPS26-150F uses a wet rotor design which has a virtually silent operation.
